

YOU ARE CORDIALLY INVITED TO THE DOWNTOWN PARKING STUDY

Parking is key to a successful Downtown West Palm Beach! Too little of it inconveniences residents, shoppers, and visitors. Too much of it leads to traffic congestion and saps the neighborhood's vitality and walkability. Come tell us how to strike the right balance – how much parking do we need; where should it go; how much should it cost? What other options – like better walking and transit connections, or access to car-sharing – can complement parking or even reduce the need for expensive new garages? Help shape a parking system that supports Downtown businesses and cultural venues and enhances your quality-of-life.

Monday, August 7, 2017
from 6:00-7:30 PM at
City Hall Flagler Gallery Room
401 Clematis Street
West Palm Beach, FL 33401

WEST PALM BEACH
